Structure

Grit	Silicon carbide
Coating	close
Bonding	resin
Backing	X-cotton
Production width	1.550 mm
Other	waterproof
Delivery form	Short and long belts, wide belts

Application

Material	glass, plastic, ceramic, stainless steel, titan
Application	edge and surface grinding, wet and dry
Machines	wide belt grinding machine, back stand grinding machine, glass grinding machine, handheld machine

Market segment

glass industry, ceramic manufacturing, stainless steel service center, aircraft industry, medical technology

Product utility

Waterproof cotton backing and sharp and hard silicon carbide for working on surfaces and edges of glass, ceramics, chinaware in wet grinding operations. Also very well suited for working on stainless titanium and other hard or difficult to cut material, also in dry grinding operations. Particular and brilliant surface finish in fine grit sizes on stainless steel coils and sheets. Special usage as abrasive flap for processing mineral-based materials or other difficult to cut materials with flap wheels.
