### **Milwaukee® Delivers the Most Productive Way to Shear Strut on Site**

Milwaukee, WI – Milwaukee Tool reinforces their commitment to enhancing safety and productivity for professionals with the introduction of the new M18™ FORCE LOGIC™\* Single Channel Strut Shear, the most productive way to shear strut on site. Designed for professional electricians, plumbers, and mechanical contractors, this tool delivers precise measurements and consistent accuracy, eliminates exposed blades, and provides installation-ready cuts.

The M18™ FORCE LOGIC™ Single Channel Strut Shear delivers precise measurement for more consistent accuracy in application. Designed with both a front support plate and a shear plane indicator, the strut shear enables ultimate adaptability by allowing users to accurately align their mark for precise measurement every time. With its design, professionals are provided with improved ease of use and accuracy while shearing strut, ultimately driving productivity on the job. Enhancing safety for professional users, this strut shear eliminates exposed blades, ultimately minimizing the risks associated with open blades on the job.

Driving further productivity in installation, Milwaukee's new Single Channel Strut Shear provides installation-ready cuts. Eliminating the need for filing or deburring following a cut, professional electricians, plumbers, and mechanical contractors can reduce the amount of clean up and begin installation much faster compared to alternative strut cutting methods. This step reduction in the installation process reinforces Milwaukee's commitment to driving efficiency on the job, providing users with the most productive way to shear strut on the jobsite.

The M18™ FORCE LOGIC™ Single Channel Strut Shear is compatible with ONE KEY™\*\*, providing users with the ability to sync their tool with their phone utilizing wireless technology. This enables users to monitor tool usage, receive timely notifications for recommended maintenance, and lock the tool for added security to their investment.

In addition to the Single Channel Strut Shear, Milwaukee is launching Single Strut Shearing Dies to deliver accurate and consistent cuts every time. Exclusively compatible with the M18™ FORCE LOGIC™ Single Channel Strut Shear, these dies feature two sharpened edges to provide users a clean shear without the need to file and thousands of shears per die set. For improved safety in application, the dies eliminate exposed blades for users on the job. Clear laser etching on the dies allows for easy die identification and installation into the strut shear, ultimately improving ease of use and efficiency.

Milwaukee is committed to improving productivity by providing performance-driven and trade-focused solutions so users can perform an entire day's work on one battery system. The new M18™ FORCE LOGIC™ Single Channel Strut Shear is fully compatible with the entire M18™ line, now offering more than 250 power tool solutions. *\*FORCE LOGIC™ is engineered to not only improve upon, but fundamentally change the way high-force tools are used in the field. Through thoughtful design focused on workflow, each tool simplifies a complicated process to deliver the best user experience of its kind and the smartest way to work.*

*\*\*ONE-KEY™ is the first digital platform for tools and equipment. By integrating industry-leading tool electronics with a custom-built cloud-based program, ONE-KEY™ provides a new level of control and access to information that revolutionizes the way work gets done. The ability to customize, track, and manage through ONE-KEY™ fundamentally changes the way users interact with their tools.*

**Specifications**

**M18™ FORCELOGIC™ Single Channel Strut Shear – 2933-21**

Capacity: 1-5/8", 13/16", 7/8" Strut  
 Strut Shear Support Plate Offset: 4"  
 Tri-Stand Integration: Yes  
 LED Light: Yes  
 Tool Free Die Change: Yes  
 Trigger Lock Out: Yes  
 Speed: 4.25 seconds  
 Weight (Tool Only): 24 Pounds

**Includes:** (1) M18™ FORCELOGIC™ Single Channel Strut Shear, (1) 1-5/8" x 1-5/8" Single Channel Shearing Dies, (1) M18™ XC 5.0AH Battery, (1) M18™ and M12™ Multi-Voltage Charger, (1) soft-sided carrying bag with pockets that can accommodate (3) additional Shearing Die Sets

Model Number	STRUT SHEARING DIES	UPC	Retail
49-16-0158	1-5/8" x 1-5/8" Strut Shearing Dies	0045242821891	\$499.99
49-16-1316	13/16" x 1-5/8" Strut Shearing Dies	0045242821907	\$499.99
49-16-0078	7/8" x 1-5/8" Strut Shearing Dies	0045242821914	\$499.99
49-16-1513	13/16" & 1-5/8" x 1-5/8" Combination Strut Shearing Dies	0045242821921	\$499.99
49-16-1578	7/8" & 1-5/8" x 1-5/8" Combination Strut Shearing Dies	0045242821938	\$499.99

*Dies Sold Separately*

**About Milwaukee Tool**

Milwaukee Tool, founded in 1924, is a global leader in delivering innovative solutions to the professional construction trades that increase productivity and safety. Milwaukee® is known for their world-leading [M12™](#), [M18™](#), and [MX FUEL™](#) cordless systems, the ground-breaking performance of their cordless innovations, safety solutions, battery-powered [outdoor power equipment](#), [jobsite lighting](#) and clean-up, time-saving tool [accessories](#), and innovative hand tool and [PACKOUT™ Modular Storage products](#). The company is dedicated to delivering a steady stream of advanced, trade-specific solutions.

Milwaukee Tool is a Brookfield, Wisconsin-based subsidiary of Techtronic Industries Co. Ltd. (TTI) (HKEx stock code: 669, ADR symbol: TTNDY). For more information on the full line of Milwaukee® products, please call 1-800-SAWDUST or visit [www.milwaukeetool.com](http://www.milwaukeetool.com).
