Milwaukee® Drives Innovation with Next Generation of M18 FUEL™ ½" High Torque Impact Wrenches

Milwaukee, WI – Milwaukee Tool continues to challenge expectations of cordless performance with the introduction of the next generation of M18 FUEL™ ½" High Torque Impact Wrenches. Designed for the trades with the power of M18 FUEL™ technology, these High Torque Impact Wrenches deliver more power, speed and durability in application while maximizing ergonomics with light and compact designs.

"The next-generation M18 FUEL™ High Torque Impact Wrenches raise the bar from what is expected out of high torque impact wrenches. Through research in the field, we saw how users required not only more power but a solution with more versatility and features to improve efficiency," said Eric Rusch, Director of Product Marketing for Milwaukee Tool. "Milwaukee is disrupting the Impact Wrench industry again as these new wrenches deliver the best combination of power, speed, length, and feature set – providing the best high torque impact wrench solutions for our users."

M18 FUEL™ ½" High Torque Impact Wrench w/ Friction Ring

Harnessing the power of advanced M18 FUEL™ technology, the M18 FUEL™ ½" High Torque Impact Wrench with Friction Ring provides users with the best combination of power and size to maximize productivity.
